

Wild Tribe Outdoor Learning

SIGNS OF WINTER

YEAR GROUP: EYFS

WINTER

CURRICULUM LINKS: Understanding of the world

ELG 14: The world They make observations of animals and plants and explain why some things occur, and talk about changes

ELG 15: Technology They select and use technology for particular purposes

ACTIVITY:

Construct a wood disc token observation medallion

RESOURCES

Wood disc tokens

Electric drill and drill bits

String

HOW TO

Boar a 3-4cm hole in the centre of a wood disc token

Thread the disc through the hole with string to wear as a medallion

Observe, pay attention, take notice. Explore the environment, looking through the disc hole to spy the signs of Winter ***“I spy with my observing eye...”***
